EXPLODING KITTENS

Exploding Kittens is a highly strategic kitty-powered version of Russian Roulette. Players try to avoid drawing *Exploding Kittens* (which boot them from the game) using catnip sandwiches, deploying special ops bunnies, and seeking out the wisdom of an all-seeing goat wizard.

This game is kid-friendly, super fun, and easy to learn. It's a fast-paced party game perfect for family game night or as an anytime boredom buster.

ANARCHY PANCAKES.

NEW

Prepare to laugh loud and get messy as you flip, match, and slap your way to victory!

Start by dealing out the pancake cards with misfit toppings. Then match your toppings with other players' toppings to get rid of your pancakes. Everyone plays at once—no turns, just chaos!

But hurry, the goal is to get rid of all your pancakes as fast as possible. Once you do, scream "Anarchy Pancakes!" to win the round. You'll get one Slab o' Butter for every round won, and the first player with two slabs wins!

NEW

Spice up any party with this game that instantly amps up the energy!

You'll start with a simple challenge. But before you attempt it, your friends all get a chance to make your challenge more difficult (and hilarious)! Whoever thinks you can accomplish the hardest version of the challenge becomes your teammate. If you succeed you both score.

DANGER DANGER

NEW

All the adrenaline of a high-stakes heist packed into a card game the whole family can enjoy.

Danger Danger is a game where your team's goal is to have the most Cases showing at the end of the round. You do this by drawing and placing cards, while the other team tries to thwart you. In order to win, you have to finish playing by the time a 60-second timer runs out. Oh, and you can't see the timer at all! That means it's just you, your teammates, and your combined instincts racing against an invisible clock and the other players.

**EXPLODING
KITTENS**

NEW

THAT ESCALATED QUICKLY.

Between our weird prompts and your friends' weirder answers, this might be our funniest game yet!

First, read out a simple question (ex. I'm locked in a tiny room. What else is locked in here with me from cutest to scariest). Then everyone is assigned a secret number from one to ten. Next, each player gives an answer to the question, and the intensity of that answer is based on their secret number. Finally, the person who read the question has to try and sort those answers into the correct order. If they get it right everyone wins!

THES-CORE-4 | \$24.99

ZOMBIE KITTENS.

Zombie Kittens is still the highly-strategic, kitty powered version of Russian Roulette that you love, but it introduces a brand-new deck of cards so that your game doesn't end just because you blow up. Only living players can win the game, but Dead players now get to keep the cards in their hands when they explode. They also get to play certain cards to torment the living players. And they can even come back from the Dead to win the game.

THROW THROW BURRITO®

Poetry FOR NEANDERTHALS

Poetry for Neanderthals is a family-friendly party game similar to Taboo where players earn points by getting their teammates to guess words and phrases. The catch is that the "Neanderthal Poets" are only allowed to use single syllable words. If they use any words with more than one syllable, the other team gets to bop them with a 2-foot inflatable club. The team with the most points wins!

From the award-winning, best-selling creators of Exploding Kittens and Throw Throw Burrito, *A Little Wordy* is a fresh and clever take on the genre of tile-based word games. Instead of just being another version of "who has the biggest vocabulary?" *A Little Wordy* requires players to assemble a word from a set of tiles and keep that Secret Word to themselves. Each player then takes turns trying to decipher each other's Secret Word by paying for clues and hints.

WORD-CORE-1 | \$14.99

MANTIS

A colorfully cutthroat card game of rainbows and revenge. *Mantis* has only two rules: Steal or Score your way to victory. Collect matching cards by stealing or scoring until the winner has 10 cards in their score pile.

With the simplicity of UNO and depth of Gin Rummy, *Mantis* is designed for both kids and adults. But adults should be warned that kids will often beat them at this game.

A GAME OF CAT & MOUTH

A Game of Cat & Mouth is a fiercely competitive magnet-powered Pinball-ish game from the creators of Exploding Kittens.
